

National Database Search

The following 57 records matched either the applicant or co-applicant in either last name or social security number. To compare previously submitted applicants to the File you just submitted, click on the **People Icon** next to the name of the applicant or co-applicant (in The **Previous Submitted** area) if you suspect there may be a match. Selecting the **Icon next to the File Number** will allow you to view information in the file number listed. You may do additional **FREE** searches of our database by Last Name or Maiden Name because we get so much fraud in our industry where deadbeat tenants change their SS number slightly trying to sneak back in our properties. When you are finished viewing the National Database search results see the link below to view your requested credit reports.

Below are the applicant and co-applicant you just submitted to the National Database and their new file number. The red check mark denotes applicant(s) to be searched on.
